FYI

.....
"It was miraculous. It was almost no trick at all, he saw, to turn vice into virtue and slander into truth, impotence into abstinence, arrogance into humility, plunder into philanthropy, thievery into honor, blasphemy into wisdom, brutality into patriotism, and sadism into justice. Anybody could do it; it required no brains at all. It merely required no character."

Dear Melissa,

I am really sorry for not getting in touch with you sooner. Would you still like to use the slips-of-action task in your upcoming study at the Indiana Alcohol Research Center? I am happy to send it to you!

Kind regards, Sanne
